

**HEALTH EDUCATION LEARNING OUTCOMES FOR PRIMARY SCHOOLS, BY TEACHING CYCLES AND BY CLASS LEVELS**

Class	CYCLE 1
Infant 1	HE 1.1 Identify, describe, and differentiate between safe and unsafe sources of drinking water.
	HE 1.2 Describe and model how, when, and why people should wash their hands and face.
	HE 1.3 Identify, list, and describe which food and drinks are healthier and which are less healthy to consume.
	HE 1.4 Identify, compare, and contrast the types of accidents that happen in the home or at school.
Infant 2	HE 1.5 Explain and demonstrate the importance of good hygiene practices to prevent the spread of illnesses through sneezing, coughing, or touching.
	HE 1.6 Identify and explain ways of preventing and responding to asthma attacks.
	HE 1.7 Discuss and demonstrate what people can do to get better from and prevent illnesses spread through drinking dirty water.
	HE 1.8 List and describe how local foods from the different food groups contribute to a healthy body.
	HE 1.9 Identify and demonstrate effective ways of safely storing food so that spoilage and contamination are minimized.
Standard 1	HE 1.10 Explain and demonstrate the importance of good hygiene practices, physical activity, and rest in maintaining good physical and mental health.
	HE 1.11 Research and discuss the common causes of and ways of preventing and responding to diarrhea.
	HE 1.12 Explain the importance of a balanced diet and describe some diseases linked to poor diet and lack of exercise.
Standard 2	HE 1.13 Discuss healthy eating habits and plan a regular exercise routine that contributes to health, growth, and development.
	HE 1.14 List various lifestyle diseases and discuss some factors that may cause them.
	HE 1.15 Examine various ways infectious diseases are transmitted and identify strategies for prevention.
	HE 1.16 Discuss the importance of vaccinations in preventing and controlling certain diseases.
Standard 3	HE 1.17 Plan and create a balanced meal using the dietary guidelines for Belize.
	HE 1.18 Discuss and justify the importance of moderation in the amount and types of foods consumed to maintain good health.
	HE 1.19 Discuss and explore steps people can take to ensure they are maintaining a healthy diet.
Standard 4	HE 1.24 Define non-communicable diseases and describe the causes, symptoms, effects, and recommended methods for prevention of these diseases including anemia, diabetes, high blood pressure, obesity, heart related diseases or diseases affecting the mouth.
	HE 1.25 Investigate and present on the effectiveness and dangers of a range of traditional and alternative responses to non-communicable diseases.
	HE 1.26 Compare and contrast the similarities and differences between communicable and non-communicable diseases.
	HE 1.27 Identify and discuss dangers associated with excessive exposure to the sun, including dehydration, heat rash, heat stroke, sunburn, and skin cancer.

Class	CYCLE 1
Standard 5	HE 1.28 Describe and illustrate the symptoms and effects of HIV, AIDS, and other sexually transmitted infections.
	HE 1.29 Discuss and analyze how patterns of sexual behavior, including abstinence or having unprotected sex with multiple partners, can increase or reduce the risk of contracting HIV and other sexually transmitted infections.
	HE 1.30 Discuss and justify why people living with HIV and AIDS have the same rights as all citizens, including the right to be treated in a manner that is non-discriminatory and non-stigmatizing.
	HE 1.31 Identify and illustrate sources of health information and services related to HIV and AIDS.
Standard 6	HE 1.32 Discuss and illustrate proper hygiene and overall care for all external parts of the body.
	HE 1.33 Explore and analyze the relationship between diet, exercise, and health.
	HE 1.34 Describe and outline a range of actions that can be taken by an individual to reduce their chances of being affected by a communicable disease.
	HE 1.35 Describe a range of actions and create a plan that can be taken by an individual to reduce their chances of being affected by disease related to lifestyle.

Class	CYCLE 2
Infant 1	HE 2.1 Identify, describe, and differentiate between clean and unclean spaces at home and in school.
	HE 2.2 Identify, describe, and differentiate between safe and unsafe actions and places at home and in school.
	HE 2.3 Compare and contrast items in the home or classroom that are dangerous to drink or touch.
	HE 2.4 Describe and participate in activities to keep the immediate environment healthy, clean, and safe.
Infant 2	HE 2.5 Describe and differentiate between human-built and natural environments.
	HE 2.6 Identify and demonstrate different human activities that can improve the quality of the environment.
	HE 2.7 Identify and discuss how to respond to common dangers in the human-built and natural environment.
	HE 2.8 Identify and discuss places where mosquitoes breed and how to get rid of them.
Standard 1	HE 2.9 Describe and give examples of a healthy environment.
	HE 2.10 Identify and discuss different human activities that can degrade the quality of the environment.
	HE 2.11 Discuss, demonstrate, and create ways to help improve the quality of the environment in the local community.
Standard 2	HE 3.15 Identify and explain the function of various public buildings, such as health centres, hospitals, police stations and community centres.
	HE 3.16 Identify and explore ways that community members can create a safe, nurturing and healthy environment.
	HE 3.17 Identify and discuss ways how communities can ensure that the elderly and disabled can access meaningful services and participate fully in activities.
	HE 3.18 Identify and discuss common causes of neighborhood conflicts and propose adequate solutions for them.
Standard 3	HE 1.20 Define communicable diseases and list the causes, symptoms, and effects of a named few.
	HE 1.21 Identify and discuss activities that can help prevent the spread of communicable diseases.
	HE 1.22 Explain and role play good hygiene practices, such as hand washing and correct disposal of waste that are important for good health.
	HE 1.23 Describe different types of vaccines and discuss how they help prevent spread of diseases.
Standard 4	HE 3.24 Discuss and role-play common causes of conflict in the home, school, and wider community.
	HE 3.25 Discuss and analyze how trust between members of a class, school and other groups can be created and destroyed.
	HE 3.26 Describe and illustrate some steps that can be taken to resolve conflicts in relationships.
	HE 3.27 Identify and discuss appropriate and inappropriate ways to express strong emotions such as anger, frustration, or jealousy.
	HE 3.28 Compare, contrast and model through roleplay passive, assertive and aggressive behaviors.

Class	CYCLE 2
Standard 5	HE 3.29 Describe and demonstrate using role plays the responsibilities of mothers, fathers, and other caregivers of a child under the age of three.
	HE 3.30 Research and report about the harmful effects of using violent discipline with a young child.
	HE 3.31 Describe and produce a publication on what pregnant women and their partners can do to make it more likely that their child will be born healthy.
	HE 3.32 Explain and justify the positive effects that breastfeeding has on the growth and development of a baby.
Standard 6	HE 3.33 Outline and discuss some challenges associated with the physical, emotional, cognitive, and social changes during the teenage years.
	HE 3.34 Discuss and demonstrate how television, newspapers, music videos, movies, and the internet shape student's understanding of adult relationships.
	HE 3.35 Explain and defend that every person has the right to control their own body and sexuality without being subject to discrimination, force, coercion, or violence, and to refuse, or if they are above the age of consent, to agree to take part in sexual activity.
	HE 3.36 Explore and demonstrate assertiveness and refusal skills for saying “no” to sexual advances.

Class	CYCLE 3
Infant 1	HE 3.1 Describe some characteristics of a friend and model activities that can be done with friends.
	HE 3.2 Explain and role play what a person can do if a friend makes them feel unhappy or if they make their friend feel unhappy.
	HE 3.3 Describe and explore how people may act as a result of a range of different feelings.
	HE 3.4 List and discuss likes and dislikes about being at school.
	HE 3.5 List and explain the difference between friends, trusted adults, familiar adults, and strangers.
Infant 2	HE 3.6 Discuss and demonstrate ways in which friends can help each other to do well and stay out of trouble at school.
	HE 3.7 Identify and discuss different ways of describing and appreciating their body, personality, unique characteristics, needs, desires and future expectations.
	HE 3.8 Describe and demonstrate ways in which people at school can help each other when they feel sad or lonely or have problems.
	HE 3.9 Discuss, demonstrate, and create ways to make sure all students, including those with disabilities, feel accepted and included in classroom activities.
	HE 3.10 Identify, discuss, and demonstrate behavior and actions that can build confidence and make a person feel better about themselves.
Standard 1	HE 3.11 Discuss and role play the roles and responsibilities of being a friend.
	HE 3.12 Describe different types of emotions and demonstrate both positive and negative ways that people express their emotions.
	HE 3.13 Identify and discuss ways of developing and maintaining healthy relationships within a family or household.
	HE 3.14 Describe and demonstrate hygiene practices that boys and girls should engage in based on their physical similarities and differences.
Standard 2	HE 5.1 Identify and discuss ways of managing and coping with emotions, feelings and difficult or stressful situations.
	HE 5.2 Identify and discuss feelings associated with changes in a family.
	HE 5.3 Describe and discuss the symptoms, causes, effects and recommended responses to depression.
Standard 3	HE 3.19 Compare and contrast similarities and differences in the roles, needs and aspirations of family or household members,
	HE 3.20 Identify and discuss ways in which family members can help to create a nurturing, safe, respectful, trustworthy, and healthy environment.
	HE 3.21 Compare and contrast various positive and negative solutions to family disputes and disagreements that affect building good family relationships.
	HE 3.22 Describe non-violent ways of expressing strong emotions and discuss how failure to control emotions can lead to difficult situations.
	HE 3.23 Assess a traumatic event and develop meaningful ways of helping in the recovery process.
Standard 4	HE 5.4 Describe and illustrate the physical, emotional, and cognitive changes associated with growth and development in both males and females that take place during puberty.
	HE 5.5 Explore and discuss how changes in the body affect hygiene practices, including those related to the skin, hair, ears, nails, and feet, those needed to reduce body odor and those involving care of the penis, vagina, anus, and breast.

Class	CYCLE 3
Standard 5	HE 5.6 Discuss and analyze how television, movies, music, videos, and information from the internet shape the understanding of sex and sexuality.
	HE 5.7 Discuss and illustrate how peers, older children, adults, and social media can put pressure on a person to become sexually active before they are ready.
	HE 5.8 Research and present how to access accurate and safe information about sex and sexuality and the significance of the law relating to the age of consent for sexual activity.
	HE 5.9 Identify and justify the benefits of openly discussing sex and sexuality with parents, caregivers, and responsible adults.
Standard 6	HE 5.10 Describe and illustrate the effects that the consumption of alcohol, tobacco and marijuana have on the physical and cognitive development of teenagers.
	HE 5.11 Outline and describe what adolescents can do to reduce the likelihood of abusing alcohol, tobacco, highly caffeinated drinks, marijuana, and other substances.
	HE 5.12 Identify and discuss ways teenagers can adjust as they move from primary school to secondary school and the world of work.

Class	CYCLE 4
Infant 1	HE 4.1 Identify and describe inappropriate exposure of the penis, vagina, and anus, using child-friendly diagrams or a doll.
	HE 4.2 Recognize and explain the difference between good touch and bad touch of their bodies by other people or touch that makes them feel comfortable or uncomfortable.
	HE 4.3 Identify and describe what a person can do if they are in a situation that makes them feel unsafe, including when they are alone with an adult they do not trust.
	HE 4.4 Identify and share ways to seek assistance and express feelings if worried, abused or threatened.
Infant 2	HE 4.5 Identify and discuss why some substances in the home and at school, such as alcohol, tobacco, marijuana, cleaning products, sharp objects, glue, and some medications are harmful for children to consume or touch.
	HE 4.6 Identify and differentiate between feelings associated with appropriate and inappropriate touching.
	HE 4.7 Identify, discuss, and categorize types of abuse that can happen inside and outside of the home.
	HE 4.8 Explain the importance of and demonstrate ways of telling an adult if someone is in danger or is being abused.
Standard 1	HE 4.9 Differentiate between bullying in the real world and cyber bullying and describe the physical and emotional impacts it has on an individual, family, or school.
	HE 4.10 Identify and describe actions that can be taken by individuals, families, or schools to reduce the prevalence of bullying.
	HE 4.11 Identify and discuss the basic rights of children.
	HE 4.12 Discuss and explain how and when a person should share private information about themselves with friends, family, trusted adults, and others.
	HE 4.13 Discuss and role-play actions that show either respect or disrespect for the opposite sex.
Standard 2	HE 4.14 Define friendship and outline some of the risks involved in developing a real or online friendship with an unfamiliar adult.
	HE 4.15 Identify and discuss different types of behaviors that constitute physical, sexual, or emotional abuse.
	HE 4.16 Examine and categorize situations that increase the risk of abuse.
	HE 4.17 Identify and describe ways to seek information and assistance if abused or threatened.
Standard 3	HE 4.18 Identify and explain laws related to the sale and consumption of alcohol and tobacco, as it relates to children.
	HE 4.19 Discuss the effects of alcohol and tobacco usage and identify the factors that may influence a person's decision to use or refrain from using them.
	HE 4.20 Discuss and illustrate ways in which alcohol consumption can affect a person's relationships with family and friends and their ability to work or study.
	HE 4.21 Investigate and analyze the impacts of alcohol and tobacco use on physical development, brain development and the health of both the person consuming them and those who live in the same household.

Class	CYCLE 4
Standard 4	HE 4.22 Discuss and examine how young people can be subjected to bullying and abuse related to changes in their bodies.
	HE 4.23 Discuss and justify the importance of talking with parents, care givers, and trusted adults if they or one of their friends is bullied, depressed, or suicidal.
	HE 4.24 Identify the causes and effects of youth violence and gangs and discuss ways to resist peer-pressure to join a gang or to commit a violent or illegal act on someone else's behalf.
	HE 4.25 Describe and roleplay ways to resist peer- pressure to use tobacco, alcohol, or drugs or to engage in sexual activity.
	HE 4.26 Discuss and dramatize various forms of human trafficking and modern-day slavery.
	HE 4.27 Identify individuals, organizations and sources of information and create a publication to show how a person can access when they need help regarding violent and abusive situations.
Standard 5	HE 4.28 Describe and illustrate the dangers of abusing highly caffeinated drinks and common household products such as glues, adhesives, cleaning products and medicines.
	HE 4.29 Investigate and report on the types, harmful effects of and laws relating to illegal drugs available locally.
	HE 4.30 Identify and discuss the factors that influence a person's decision to use, or refrain from using, alcohol, tobacco, marijuana, and other illegal drugs.
	HE 4.31 Identify and present a publication on individuals, organizations, and sources of information that a person can access when they need help regarding substance abuse.
Standard 6	HE 4.32 Discuss and explain the influence that social media may have on what people think and do.
	HE 4.33 Discuss and model how friends can help each other stay safe online, at school and in the real world.
	HE 4.34 Investigate and produce a publication on cyberbullying and the negative effects it may have on internet users.
	HE 4.35 Explain and propose what can be done to assist friends or family members who are victims of social media abuse.
